

Employment Agreement

ZEPHYR AEROSPACE TECHNOLOGIES LLC

This Employment Agreement (the "Agreement") is made effective as of June 1, 2026, by and between **Zephyr Aerospace Technologies LLC** (the "Company"), and **Naomi Albright** (the "Employee").

1. Title and Scope of Responsibilities

The Employee is engaged to serve in the position of **Senior Avionics Engineer**. Primary duties involve managing diagnostic software testing protocols, certifying electrical hardware integrations, and ensuring rigorous alignment with federal aviation safety regulations.

2. Term and Workplace Model

Employment will commence on June 22, 2026, and continue indefinitely on an at-will basis. This role follows a hybrid operational structure, requiring three (3) designated days of physical presence at the primary engineering hangar per week.

3. Compensation and Retention Bonus

The Company shall pay the Employee a base annual salary of \$138,000 USD, distributed in semi-monthly installments. Upon successful completion of a six-month onboarding evaluation, the Employee will receive a one-time retention bonus of \$10,000 USD.

4. Intellectual Property Rights

All designs, schematics, inventions, and patentable software modules conceived or executed by the Employee during working hours or using Company equipment shall automatically remain the exclusive intellectual property of the Company.

5. Termination Procedure

Either party may terminate the employment relationship at any time by delivering a mandatory thirty (30) days advance written notice. The Company retains the statutory option to accelerate this notice period with equivalent pay.

IN WITNESS WHEREOF, the parties have executed this Agreement on the date first specified above.
