

EMPLOYMENT CONTRACT: INDEPENDENT CONTRACTOR SHIFT

Aether Software Labs Group

This Employment Contract (the "Agreement") is executed on this 30th day of May, 2026, by and between **Aether Software Labs Group** (the "Company"), and **Siddharth Mehta** (the "Contractor-Employee").

1. SCOPE OF WORK & PROJECT ASSIGNMENT

The Company engages the Employee to act as a **Lead Systems Architect**. The primary scope involves managing cloud infrastructure migrations, database optimization, and auditing the core technical framework. This role requires full-time remote alignment with the engineering division.

2. DURATION OF CONTRACT

This engagement is project-based, commencing on June 1, 2026, and is tied directly to the lifecycle of the Cloud Migration Initiative. It is projected to conclude on or before December 31, 2026, unless dissolved earlier by performance failure.

3. COMPENSATION STRUCTURE

The Company shall remunerate the Employee at an hourly rate of \$95.00 USD, capped at a maximum of 40 hours per week. Invoices must be submitted bi-weekly with approved timesheets. No corporate health insurance, retirement contributions, or paid leave benefits are provided under this specific project framework.

4. NON-COMPETE RESTRICTION

During the term of this contract and for a period of six (6) months following its conclusion, the Employee shall not accept employment, consultancy, or equity in any enterprise directly competing with the cloud optimization product line of the Company.

5. DISPUTE RESOLUTION

Any operational disputes arising under this agreement shall be subject to mandatory, binding arbitration under commercial regulations, bypassing standard court litigations.

The signing parties confirm agreement to these specific operational parameters below.
