

EMPLOYEE PERFORMANCE REVIEW

Employee Name	David Miller	Job Title	Senior Software Engineer
Department	Engineering	Review Period	FY 2026

OVERALL PERFORMANCE RATING

Exceeds Expectations

PERFORMANCE EVALUATION & FEEDBACK

David has demonstrated exceptional technical leadership this fiscal period. He successfully spearheaded the optimization of our core API framework, which reduced server latency by 35%. He communicates complex technical architectures effectively but could delegate minor debugging tasks more frequently to empower junior developers.

ACKNOWLEDGMENT & SIGNATURES

Signatures below indicate receipt and discussion of the performance review, not necessarily absolute agreement with all evaluation points metrics.
