

CYBERSECURITY CONTROL ASSESSMENT REPORT

MATRIX GROUP GLOBAL LLC • ENTERPRISE SECURITY & COMPLIANCE OPERATIONS

Audit Control ID	SEC-2026-807	Assessment Date	May 30, 2026
Target Organization	Saffron Hospitality Group		
Lead Lead Assessor	Liam Brookes, Security+	Assessment Scope	Guest Wi-Fi Network & Property PMS Isolation

OVERALL SECURITY POSTURE SCORE: 62/100 (CRITICAL OVERAGE)

1. KEY VULNERABILITY / COMPLIANCE FINDING

Public guest network configurations allow broadcast discovery scanning tools to identify primary Property Management System (PMS) interface endpoints.

2. MANDATORY SECURITY REMEDIATION DIRECTIVES

Apply complete Layer-2 client isolation rules on guest wireless controllers and hide critical network service identifiers.

This document represents an internal, legally privileged security assessment. Dissemination must adhere strictly to established corporate security verification policies.
