

IT OPERATIONS INCIDENT REPORT

MATRIX GROUP GLOBAL LLC • ENTERPRISE INFRASTRUCTURE LOG

Incident ID	INC-2026-108	Severity Level	P3 - Moderate
Incident Title	Compliance Audit Tracking Bug		
Reported By	Naomi Albright	Role / Department	Systems Auditor (Quality Assurance)
Log Date	May 30, 2026		

1. INCIDENT SUMMARY & OPERATIONAL IMPACT

The internal compliance system failed to compile and archive routine quality assessment reports, stalling external check preparation.

2. ROOT CAUSE ANALYSIS (RCA) PARAMETERS

A local browser optimization update caused a Javascript validation conflict with the file upload module, preventing database entry commits.

3. MITIGATION & RESOLUTION PROCEDURES

Deployed a hotfix to the web interface input components to maintain compatibility with updated browser parsing engines.
