

IT OPERATIONS INCIDENT REPORT

MATRIX GROUP GLOBAL LLC • ENTERPRISE INFRASTRUCTURE LOG

Incident ID	INC-2026-113	Severity Level	P2 - High
Incident Title	Global Talent Directory Sync Freeze		
Reported By	Sarah Jenkins	Role / Department	HR Director (Human Resources)
Log Date	May 30, 2026		

1. INCIDENT SUMMARY & OPERATIONAL IMPACT

Changes made to employee access groups and structure layouts did not propagate to downstream Active Directory security groups.

2. ROOT CAUSE ANALYSIS (RCA) PARAMETERS

A stuck process on the directory sync appliance blocked updates, causing subsequent transaction logs to back up indefinitely.

3. MITIGATION & RESOLUTION PROCEDURES

Cleared the locked synchronization queues, restarted the internal directory services application, and forced a full data refresh cycle across sites.

This file represents an authorized technical record. Post-incident monitoring tasks are automatically activated for the subsequent 72 business hours.
