

ASSET MAINTENANCE & ENGINEERING ACTION REPORT

MATRIX GROUP GLOBAL LLC • CORPORATE FACILITIES & EQUIPMENT INFRASTRUCTURE REGISTRY

Work Order ID	MNT-2026-307	Execution Date	May 30, 2026
Target Asset Name	B2B Production Printing Press #2		
Assigned Technician	Chloe Lin, Studio Lead	Physical Location	Creative Studio, Production Room

CURRENT MAINTENANCE STATUS: COMPLETED

1. REPORTED ISSUE / DIAGNOSTIC BASELINE FAULTS

Cyan ink micro-jets experienced a series of blockages, creating color scaling bands on high-gloss print proof sets.

2. CORRECTIVE REMEDIATION ACTIONS EXECUTED

Executed a deep ultrasonic printhead cleaning cycle, replaced the primary line filters, and re-aligned the laser print sensor matrix.

This document serves as an authorized technical record. All post-maintenance asset metrics have been verified against corporate equipment safety rules and re-logged into the primary operational framework dashboard.
